To Whom It May Concern:

I have been a listener of K-LOVE radio for quite a few years now. This station has been an inspiration to many people. K-LOVE is a wonderful inspiration to the local community. They provide a positive atmosphere that children seldom find on other stations. They also provide inspirational music and educational commentaries that not only teach a spiritual and physical wellbeing, but they also aid those who are emotionally troubled. When I was tired or distraught, I discovered that I could always turn to K-LOVE for inspiration.

If K-LOVE is displaced by an LPFM broadcaster, I know many people will be lost. There are countless people who depend on the services that K-LOVE provides. Especially during the funding drives it is made clear the effect that this wonderful station has on the lives of people of all ages. I have heard of children younger than two years singing their hearts out; not to offensive music that they do not yet understand, but to music that changes lives. This music will keep countless kids off the streets, off drugs, and in school.

I implore you: DO NOT GET RID OF K-LOVE lives depend on it.

Sincerely,
